A TELEPHONE CO. IN TROUBLE

RECEIVER ASKED FOR AN INDE-PENDENT HOLDING CONCERN.

The U. S. Independent Telephone Company seems to Have Done Little but Issue Securities Since It Was Organized in 1905 -Busch, the Brewer, a Director.

By an order signed yesterday by Vice Chancellor Howell in Newark the United States Independent Telephone Company a holding corporation, was directed to show cause on February 18 why it should not be adjudged insolvent and put in the hands of a receiver.

The application was made in behalf of James M. E. O'Grady of Rochester, N. Y., a creditor and stockholder of the company, through John R. Hardin of Pitney, Hardin & Skinner of Newark. Mr. O'Grady owns 112 shares of the stock of the par value of \$100 each and twenty-eight bonds of the company of the par value of \$1,000 each.

The company had a president, according 10 O'Grady. The vice-president is James N. Rouher of 293 Dartmouth street, Rocheser, and the secretary and treasurer is' W. Roy McCanne of 22 Barrington street, Rochester. Adolph Busch of St. Louis heads the list of twenty-four directors, and the main office is at 1015 University avenue Rochester.

The company was incorporated on August 25, 1905, with an authorized capital stock of \$100,000. By an amended certificate filed a few weeks later the capital was increased to \$50,000,000, of which \$42,576,000 was issued. On December 20 of the same year the stock was divided into \$20,000,000 of 4 per cent. non-cumulative common stock and \$30,000,000 deferred ommon stock.
In September, 1906, the directors finding

that the company was financially em-barrassed, and in order to avert insolvency and meet the current and floating indebtedness of its subsidiary companies, pledged all available cash assets of the holding and subsidiary companies to the Rochester Trust and Safe Deposit Company to secure an issue of \$2,500,000 of notes, which notes were sold largely to the company's direc-

were soid largely to the company's directors, it is alleged, at 90 cents on the dollar.

According to the complainant, the only assets or property of any kind owned by the holding company are 4,781 shares of stock of the Rochester Telephone Company, par value of \$100 each; 40,742 shares of company stock and 13,205 shares of recommon stock and 13,205 sh of common stock and 13,205 shares of pre-ferred stock of the Stromberg-Carlson Telephone Manufacturing Company, each

Telephone Manufacturing Company, each of the par value of \$100; 260,000 shares of the New York Independent Telephone Company, par value \$100 each.

The holding company also owned accounts and bills payable of the Stromberg-Carlson Company and other subsidiary companies controlled by it, which it pledged to the Rochester Trust and Safe Deposit Company to secure an issue of collateral trust pany to secure an issue of collateral trust notes amounting to \$2,500,000. The accounts and bills so pledged had a face value of the amount of the issue of notes. Bonds of the Utah Independent Telephone Company of an aggregate face value of \$2,186,900, stock of the same company par value of \$502,000 and collateral 5 per cent. trust gold bonds of the holding company with a face value of \$2,000,000 were also

pledged to secure the notes.

According to the bill of complaint only 80 per cent. of the principal of the notes has been paid; the remaining assets are not more than enough to pay the balance of the collateral trust notes, and it is averred that there is no country in said collateral. that there is no equity in said collateral notes remaining to the holding company after said balance has been paid.

after said balance has been paid.

At the time of the incorporation of the holding company, it is further alleged, an issue of debentures not to exceed \$25,-000,000 was ordered, to be secured by the pledging of the stock of the Stromberg-Carlson Company, the Rochester Independent Telephone Company and the New York Independent Telephone Company to the Security Trust Company of Rochester.

se bonds were issued to the amount These bonds were issued to the amount of \$15,773,000, bearing date of October 2, 1905, and will mature October 31, 1935. They bear 5 per cent. interest, payable semi-annually. The interest for April, 1907, and October, 1907, was not paid and the Security Trust Company brought suit in the New York Supreme Court to foreclose its lien. As a result the pledge collateral was sold at the court house in Rochester on February 4 to Henry W. Conklin as ter on February 4 to Henry W. Conklin as referee for \$250,000. This left the com-pany, according to the complainant, without assets of any kind and a deficit of \$15,000,000 to the holders of the bonds.

AMERICAN MINERS DYNAMITED. Mexicans Charged With Blowing Up Men at

Santa Rosa Mine, Sonora. Tucson, Ariz., Feb. 12.-Fifteen min workers were hurled through the roof of the building in which they were eating and some of them frightfully maimed in an explosion of dynamite at the Santa Rosa mine in Sonora, near Douglas, according to advices received here to-day. Though there were no fatalities several of the men were eriously injured, two perhaps fatally.

The explosion is supposed to have been a plot on the part of Mexican workmen to kill every American employed in the mines. dynamite were placed under the company store, beneath the floor of the foreman's residence and also in the residence of the superintendent. It was intended, it is besuperintendent. It was intended, it is believed, for the explosions to follow each other in rapid succession. The fact that the dynamite failed to go off saved the lives of the foreman, Thomas Fagin, and his wife.

The superintendent owes his escape from

death to the fact that he was not in at the time the dynamite placed under his home

exploded and demolished it.

The police have arrested eighteen Mexicans for complicity in the plot. The only cause that can be assigned for the attempt to kill the Americans is the belief of the Mexicans that the revolutionary sympathizers under arrest in Los Angeles ar

A MINERAL WATER STRIKE. Drivers and Bottlers Want Shorter Hours and More Pay.

Following a lookout of the mineral water drivers and bottlers in five depots on the East Side on account of demands for a new wage scale and recognition of the union, a strike of 118 members of the union went into effect yesterday in nine shops. At a meeting of the union at 133 Eldridge street it was decided to order a general strike to go into effect to-day, involving 500 more. The strikers sent committees yesterday to the non-union depot to induce the non-union men to quit, but they met

with little success.

An attack was made by the strikers on the non-union men in a Suffolk street depot. The non-union men retaliated and a free fight took place, during which some of the strikers got the worst of it, while the non-union men had also scars to show. The racket drew a big crowd and some went for the police, but when they ched the place the row was over. One reached the place the row was over. One of the strikers named Levine came to a meeting of the strikers afterward with his head done up in bandages.

The present wages of the mineral water and strikers and \$14 a

men are \$11 a week for polishers and \$14 a week for bottlers and drivers. The demands are for a general increase in wages of \$2 a week and a ten hour workday.

Kms Rimself as His Mother Looks On. ORANGE, N. J., Feb. 12.-After kissing his younger brothers and sisters good night, Timothy Brennan, Jr., 19 years old, walked into his mother's room at their home, 24 Liberty street, early this morning and drank carbolic acid from the affects of which he died later in the Orange Memorial Hospital. He had suffered from stomach trouble and was unable to work all the time. His father is in the penitentiary, serving a six months sentence for nor support.
